

Help bring comfort to victims of domestic violence.

Support the 3rd Annual "Comfort Bundle" Program.

Vicki's Tap Pups and the 3R Project directly impacted the lives of over 700 women and children that were victims of domestic violence. You can easily help by giving victims that come through the domestic violence shelter at the YWCA of Greater Harrisburg simply by completing a gift registry at Bed Bath and Beyond that will build special "comfort bundles" so that these women and children can be reminded that the community is supporting them in their time of need.
